Pause and reflect

- What useful work can go unnoticed in someone's story? Consider one person whose steady care has helped you.

- How can help become concrete? Choose a practical need you could meet with care.

- Which part of Emma's life would you like to understand better? Return to a letter, a hymn or an account of her later years.

Read [Doctrine and Covenants 25](#) beside the account of Emma's calling. What invitation would you like to carry into your week?
